

FDD 1.2 | Guided Notes: Elements & Principles of Design

NAME _____

1. The **elements of design** are the raw building blocks every design is made of: line, shape, texture (from 1.1), plus _____ / _____ and _____ / _____.
2. The **principles of design** are the rules for *arranging* those building blocks: _____, _____, _____, and _____.
3. **Repetition** means:

4. The **Rule of Thirds** suggests:

Discuss: Look at your comp from 1.1 (Line day). Can you find one principle of design already at work in it, even though you weren't thinking about principles when you made it?
