

Transform & Speed Reference

ADD 8.3 · APPLICATIONS OF DIGITAL
DESIGN

NAME _____

DATE _____

freeze frame • letterboxing • rate stretch • rotation • scale • time remapping

FRAME TOOLS	WHAT IT DOES
Scale	Resize within frame. Past 100% loses resolution.
Rotation	Turn around a fixed point, in degrees.
Letterboxing	Bars added to preserve original aspect ratio.

TIME TOOLS	WHAT IT DOES
Rate Stretch	Change speed by dragging a clip's edge.
Time Remapping	Speed changes gradually or at keyframed points.
Freeze Frame	Hold a single frame while playback continues.

Scaling up to "fix" bad framing doesn't fix anything, it just makes the quality problem bigger.
