

Shot List Planner

NAME

TOPIC

DATE

Walk down your two-column script row by row. For each shot, label it with a shot type from the Shot Vocabulary Reference—vary your shots on purpose, don't shoot everything as a WS.

#	WHAT'S IN THE SHOT	SHOT TYPE	LOCATION
1			
2			
3			
4			
5			
6			
7			
8			

Include at least one **OTS** or **cutaway** shot somewhere in your list—you'll shoot this list directly on your S | 1 project day.
