DATE

Fill in one row per reference image your teacher shows. You'll need at least 5 rows completed for your inspiration board annotations.

| Image / Source | Color & Light | Geometric Elements (paths, angles, curves) | Story / Symbolism | How This Could Inform My Design |
|----------------|---------------|--------------------------------------------|-------------------|---------------------------------|
| 1.             |               |                                            |                   |                                 |
| 2.             |               |                                            |                   |                                 |
| 3.             |               |                                            |                   |                                 |
| 4.             |               |                                            |                   |                                 |
| 5.             |               |                                            |                   |                                 |

**Vocabulary check:** for at least 2 rows above, use the words *anchor point*, *segment*, or *curve* to describe a geometric element you noticed.
