Revision Checklist

NAME	PIECE BEING REVISED (UNIT & TITLE)	DATE
Done	Required revision	What you changed (be specific)
—	Color mode corrected for intended output	
—	Text refined with paragraph/area type tools	
—	Transformation applied (scale/rotate/reflect/shear/live corners)	
—	Re-exported/saved in the correct format for its destination	

Remember: this is a revision, not a from-scratch project — the goal is a measurably better version of a piece you already made, not a new one.
